

● DELIVERY OF DATA

Data for the production of textile should be delivered in PDF format in the CMYK color space. The PDF file must not contain any hidden layers, faded wallpaper (Patern), colors that do not print, objects hidden under visible graphics, or unwrapped, unposted fonts. Any print that is only cutted must be prepared with 5mm overlap on each side (for 10 mm two-sided printing).

● OTHER POSSIBLE SUPPORTED FORMS OF FILES

QuarkXpress 2015 version 11.0, Adobe InDesign CS6, Adobe Illustrator CS6, CorelDRAW! Version X5, Adobe Acrobat X version 10

● GRAPHIC DIMENSIONS

It depends on the final product - if necessary, for example, at beach flags we will send you a template into which you can insert the data. The sizes of beachflags can be found in the general information PDF in the Beach Flags section.

● USED PRINTING TECHNOLOGIES

Printing Options:

Digital print **CMYK**
